To whom it may concern,

RE: Reference for Bruno Caiazza and Marcello Caiazza

In my position as Construction Manager for BADGE Constructions SA, I can verify that I have worked with Bruno and Marcello on a number of levels during their time as Director's of Caiazza Constructions.

During my association with Bruno and Marcello they have both shown a high level of professionalism and competency in regards to all types of concrete works, especially multi level construction projects.

I have worked specifically with Bruno and Marcello at the multi level Cumberland Park Woolworths / Big W redevelopment during 2013.

Bruno and Marcello have also successfully undertaken a number of other projects for BADGE Constructions SA over the past few years with my colleagues and these projects include:

- Lexus West Terrace – multi level automobile showroom
- Gerrard Lighting Headquarters Rose Park – multi level office building
- Aquinas College 3 Levels Building North Adelaide – multi level student accommodation.

On the projects listed above Bruno and Marcello have been responsible for the overall management and construction of the concrete works including tender submissions, labour and material resources as well as quality control.

Bruno and Marcello's ability to manage the above ensures that the concrete works were delivered in a timely manner in line with the construction program and to a very high quality.

Bruno and Marcello's strength is their ability to overcome problems on site without any hesitation to go above and beyond his requirements under his scope of work to ensure that the work is completed in an efficient manner. Bruno and Marcello's ability to manage their team and a focus on customer satisfaction has lead to BADGE engaging Caiazza Constructions on further projects and we look forward to an ongoing relationship.

Bruno and Marcello have been in the building industry for many years and their experience and knowledge of the different scope and products within the concrete industry gives me great confidence in regards to future projects that they may wish to undertake.

I do not hesitate to recommend Bruno and Marcello for any building projects in commercial construction sector.

Yours sincerely,

Julian Timmis
Construction Manager
